

Quickstart Guide

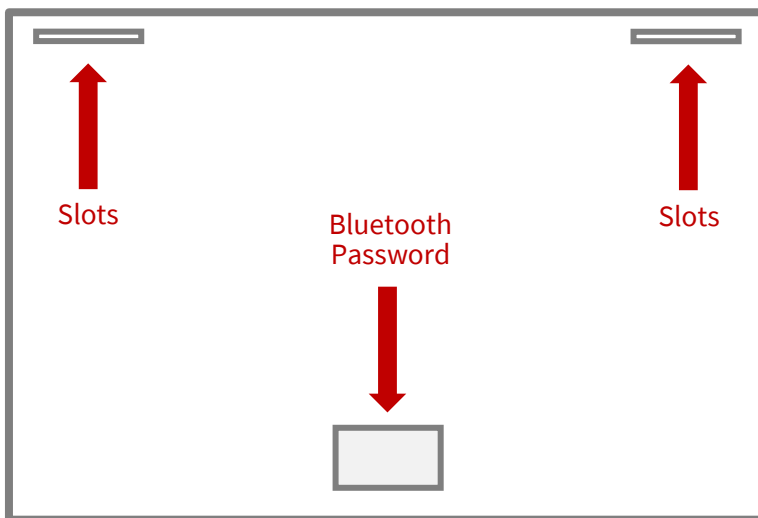

- 1** Your SoundWall is already 80% charged upon delivery and can be started immediately. Click the marked power button.

(Bottom of the SoundWall)

- 2** You can install your SoundWall on the wall using the slots provided. Be sure to use nails or screws that are strong enough for suspension. On the back of your SoundWall you will also find the password for the Bluetooth connection.

(Backside of SoundWall)

- 3** Once your SoundWall is connected to a smartphone, computer, tablet, TV or console, you can start playing music. Use the supplied charging cable and jack to charge the battery. Have fun with your SoundWall!

(Bottom of the SoundWall)

As a conscientious company, we would like to point out that our website lists all important security aspects as well as tips on how to use your SoundWall. These can be found on the following the link: www.elaudio.ch/info
